## Work Experience

---

### Frontend Developer

Techtrend Africa - Remote

October 2021 to December 2021

- Implemented frontend technical solutions to meet project requirements for the creation of a user-friendly voting website for The Connected Awards.
- Used Fetch API to collect information from the server in order to fetch the data of over a thousand nominees and to create a more user friendly voting website.
- Collaborated effectively with all team members and maintained communication regarding new updates and issues that required fixing and debugging.

### Frontend Developer Intern

360Creativehub - Lagos

July 2020 to August 2021

- Worked closely with senior developers and clients to meet project requirements, goals and desired functionality.
- Designed and maintained both corporate and clients website which mostly included e-commerce websites using scripting languages and well structured codes.
- Led troubleshooting, fixed bugs and implemented enhancements that improve web functionalities and responsiveness.
